CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan.

91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

During FY 2022, there were 6 projects completed and one public service program administered. Projects completed during FY 2022 include:

- Borough of Bloomingdale - FY20 - Water Mains at Leary and Reeve Avenues
- Borough of Wanaque - FY20 - Haskell Ave Waterline
- Borough of Woodland Park - FY20 - Sidewalk Improvements on West 36th Street
- Borough of Hawthorne - FY21 - Rehabilitation of North 9th Street
- Borough of Prospect Park - FY21 - Planten Avenue Improvement Project
- Township of Little Falls - FY21 - Stinson Place Rehabilitation
- FY21 Court Appointed Special Advocates (CASA)

The design and bidding of many of the FY 2021 and 2022 projects got underway in 2022; bids that have not yet gone out will go out in late 2023 with work to begin spring 2024. FY 2022 Hawthorne started construction. Many public service activities will continue, with older year funding being spent first.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The County continued to use funds to address the high priority needs for infrastructure and facility improvements as identified in the Five-Year Plan. CDBG funds have been directed to the twelve participating municipalities in the Urban County. The highest priority infrastructure needs in lower income neighborhoods were addressed through the use of CDBG funds.

This is the fifth and final report of the Five-Year period 2018-2022. This report captures data from projects that were initially funded in years 2018-2022. Many projects take more than one year to complete, particularly as construction costs continue to escalate and supply chain issues delay materials and equipment needed for some projects. Habitat for Humanity has several housing rehabilitation projects underway that will be reported in the next CAPER. Public Facility improvements, including handicap barrier removal projects, will also be completed in

2023. In general, however, the County met or exceeded its strategic plan goals for the 2018-2022 funding. 2022 funds that will not be spent until 2023 or 2024 will be reported on future CAPERs.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

Hispanic	27
Not Hispanic	139

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

Race and Ethnicity are not reported in IDIS for area benefit activities. The above totals are for activities that serve low-income persons under the Limited Clientele national objective such as handicap barrier removal and public services.

The areas of the Passaic County Urban County that have a concentration of Non-White and Latino populations are limited but have increased since 2000. Census Block Groups in Haledon, Prospect Park, Wanaque, Pompton Lakes, and Woodland Park have higher concentrations of Non-White and Latino households in addition to concentrations of low- and moderate-income people. Projects were completed in these communities:

- Borough of Wanaque Haskell Ave Waterline
- Borough of Woodland Park Sidewalk Improvements on West 36th Street
- Borough of Prospect Park Planten Avenue Improvement Project

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	\$906,791	\$595,964.65

Table 3 - Resources Made Available

Narrative

The County currently has a pending Substantial Amendment adding \$150,000 prior year resources to the 2019 Annual Plan. The amendment has been approved by the Commissioners and Request for Release of funds forms have been submitted to HUD. The amount expended during the year is \$595,964.65. The funds were expended as shown in PR26 and PR03 and described in the Executive Summary.

Passaic County is part of the North Jersey Sustainable Communities Consortium. In November 2011, HUD notified the Consortium that its application had been selected for an award in the amount of \$5 million. Through participation in this program, the region expects to address broad livability and sustainability goals for housing, economic development and transportation.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
NONE			

Table 4 – Identify the geographic distribution and location of investments

Narrative

There is no target area – the County selects projects based on requests from participating jurisdictions and non-profit agencies.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The CDBG Program tends to be highly leveraged with local funds in Passaic County. Communities bond for the project costs.

Municipalities are required to pay for design, engineering, traffic control and construction management. Construction funds that are not provided by CDBG but are necessary to complete the project are provided by the municipality. The participating municipalities report this matching expense on their applications as well as their commitment for other funds to cover the full project costs. The cost of design and technical assistance for the above projects was provided directly by each municipality.

The County is not a HOME or ESG participating jurisdiction and has no matching fund requirements.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	5	0
Number of Special-Needs households to be provided affordable housing units	0	0
Total	5	0

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	5	0
Number of households supported through Acquisition of Existing Units	0	0
Total	5	0

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

In 2022, Passaic County awarded funds to Habitat for Humanity to administer a homeowner housing rehabilitation program, which projected to serve five households. The demand for the program far exceeded the amount of funds available, and the county intends to allocate excess funding to the program. To date, six households have been approved for the program and rehabilitation will start during the next program year.

The Passaic County Housing Agency was also selected by the Department of Housing and Urban Development to receive 29 Emergency Housing Vouchers through the American Rescue Plan Act. Seventy thousand of these vouchers were distributed on July 1, 2021 to housing authorities based on geographical need and the authority's previous ability to lease up families in their existing programs. These vouchers are targeted to assist individuals or families that are homeless, at risk of homelessness, fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking, or were recently homeless and have a high risk of housing instability. Any applicants for this program must be referred to the Housing Agency by the County Department of Human Services. The Housing Agency has leased 25 of its 29 vouchers. In order to assist the families into transitioning into a new apartment, HUD has also supplied service fees which may be used for security deposits, realty fees, utility bills, and the purchase of household items, if needed.

Discuss how these outcomes will impact future annual action plans.

The County will endeavor to identify and support affordable housing programs and the CoC in the creation of housing for persons who are experiencing homelessness. Housing projects may or may not be funded with the limited CDBG funding available to the County.

With the County’s CDBG funds, there have been no housing activities or services directed to the homeless or persons with special needs undertaken through CDBG funding. Past CDBG CV funds, however, were directed to both housing for the homeless and a special needs housing project to protect residents from the spread of COVID.

To address worst case needs and those of persons with disabilities, the County has taken the lead with the County-wide CoC and provided support over many years. The County administers HUD SHP grants to several non-profits providing dozens of permanent supportive housing units. These units provide housing for chronic homeless individuals and families. By definition these persons are disabled and homeless.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	0	0
Moderate-income	0	0
Total	0	0

Table 7 – Number of Households Served

Narrative Information

The County does not have a HOME Program. CASA clients are presumed benefit and do not require income verification to determine eligibility. Passaic County’s Habitat for Humanity critical repair program did not complete any rehabilitations during the program year.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

The Passaic County Continuum of Care (CoC) is supported by the staff of the Department of Human Services and administered by the Passaic County Interagency Council on Homelessness. The Passaic County community development goals are set based on the work of the CoC in setting policies and implementing programs to prevent homelessness and assist persons who are homeless.

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

NJ 2-1-1 provides a point of access for shelter and emergency services. When someone calls 2-1-1 for shelter placement, diversion and eligibility screening is conducted to streamline access. Further, the CoC maintains a coordinated assessment and prioritization list to place individuals in permanent supportive housing.

During the year, provider agencies regularly provided outreach to homeless individuals living on the street and to those at risk of becoming homeless. The PATH Program provides regular outreach at known locations. Further, through partnership with the eviction courts, PATH has addressed the needs of those at-risk of losing their housing. When families are removed from the welfare list, outreach is conducted to see if they have short-term places to live and long-term plans for permanent housing. Additional street outreach is conducted by "They Have A Name" to encourage people to move to shelter and services.

The SSVF and Community Hope coordinate street outreach to homeless veterans.

Due to COVID, the County has initiated testing and the use of hotel/motel residences to deconcentrate the shelters and prevent the spread of the virus. Previous CV2 funds issued through NJDCA were used for testing and education.

Addressing the emergency shelter and transitional housing needs of homeless persons

Passaic County has 384 voucher/facility based beds across multiple programs (HIC 2023). The PCICH works with all the shelters in the County to ensure capacity to meet emergency needs. All the shelters and transitional housing facilities participate in the Point-in-Time count and provide client level information to the Housing Prioritization List to connect their clients to permanent housing opportunities as quickly as possible, as described above. In addition, NJ-211 provides a streamlined hotline for accessing emergency shelter and transitional housing programs, reducing the need for clients to contact each emergency shelter or transitional housing program directly.

The Passaic County Homeless Trust Fund has also funded rapid re-housing and services in support of rapid

re-housing projects.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Catholic Family and Community Services is one of the larger service providers in Passaic County. As noted in the City of Paterson CAPER, CFCS works with the local hospitals when discharging patients. Services are provided through 2-1-1 and hotel vouchers are used to provide housing.

More needs to be done to address youth leaving foster care and other youth facilities. Although funding is available through the County to provide housing up to age 25, many youth simply want to leave the system. Youth homelessness continues to be a focus area for the CoC.

The State of New Jersey's psychiatric hospitals follow state guidelines that prohibit the discharge of patients into homelessness. All persons must have housing secured upon release or they remain in the hospital system until it is secured. The privately funded mental health residential programs are either state funded and abide by the protocols or choose to do so voluntarily.

Correctional facilities in Passaic County have established protocols for discharge. Social work staff coordinates with County Board of Social Services housing placement upon an individuals' release. There is a Re-Entry Policy Academy which focuses on ex-offenders re-entering communities. Upon discharge, Project PRIDE helps individuals to access mainstream resources and benefits from Passaic County Board of Social Services. To ensure appropriate supportive services upon discharge, an individualized discharge plan, with referrals to appropriate community agencies, is created. In addition, a life skills class is offered to eligible recipients to ensure integration into the community. The first 60 days of the class takes place in jail and the last 30 days takes place at the Passaic County Board of Social Services after release from jail. A meeting of various County agency representatives (mental health, DHS, workforce) and the PREP (Passaic County Re-Entry Program) members (social workers at the Passaic County jail) is held to discuss and strengthen the coordination for discharges from jails.

Passaic County does not receive Emergency Solutions Grant funds, however the City of Paterson does. The ESG funds are used to provide prevention services to extremely low- to very low-income households facing homelessness. No direct rent assistance is provided through the federal grant programs.

NJ 2-1-1 operates a homeless hotline. Persons who are in imminent threat of losing their homes are referred to the County Board of Social Services. ERAP funds distributed in response to COVID provided \$36 million in rental assistance for County households.

The County administers the Division of Weatherization and Home Energy whose objective is to reduce the home energy burden for eligible low-income families and individuals in Passaic County to avoid

homelessness. Passaic County assists low-income individuals and families through Home Energy benefits that reduce clients' energy bills and by implementing weatherization measures that reduce households' energy consumption.

The Low-Income Home Energy Assistance Program; and the Universal Services Fund provides grants to low-income individuals to pay their PSE&G bills. These funds help to keep low-income individuals and families in their homes and help them to not become homeless. In addition, the County offers a Weatherization Program funded through the Low-Income Energy Assistance Program grant; US Department of Energy grant; and the Heating Improvement Program grant. These grants help low-income individuals and families remain in their homes by repairing or replacing windows, doors, insulation, boilers, furnaces and hot water heaters.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Passaic County Coordinated Assessment System prioritizes homeless persons and meets monthly to fill vacancies and house those on the list. The length of time someone is on the list is tracked. Further, the CoC is working with agencies to more quickly move persons who are homeless and living in shelters or transitional housing to permanent housing.

Through partnerships with the Children's Inter-Agency Coordinating Council (CIACC), education system partners, homeless liaisons, the behavioral health care system, child protective services and the homeless services system, homeless students and their families are identified and service plans developed to meet their needs. CIACC offers cross-training on homeless definitions, compliance and requirements, support systems for the homeless and effective community service providers. CIACC has developed a standardized intervention model for use in school settings to effectively determine the service needs of homeless children and connect them to appropriate providers.

The Passaic County Department of Human Services has hired a full-time veteran's services staff member to coordinate the goal of ending homelessness for veterans. Veteran Affairs Supportive Housing (VASH) staff members are active in the CoC and its sub-committees. This coordination has resulted in assistance to veterans in securing and maintaining housing. The veteran's subcommittee of the CoC, led by the local SSVF providers, has also created a by-name list for homeless veterans in the CoC, ensuring they are connected to permanent housing as quickly as possible.

The PCICH is working to shorten the length of time persons are homeless by creating more permanent housing and rapid rehousing programs to quickly move clients into permanent housing. Through the coordinated assessment committee, the most vulnerable clients are targeted for housing opportunities

including permanent supportive housing and rapid rehousing vouchers. Homeless Trust Fund dollars are reserved for rehabilitation of units for homeless families and homeless youth (18-24). As of August 2022, the County was continuing to distribute ERAP funds; services including prevention and diversion are available through Catholic Charities.

Reducing returns to homelessness is also being addressed by placing a priority on job training and services for persons who are homeless and in rapid rehousing and permanent housing programs. Additionally, there was a training held by the Director of the Workforce Development Board on how to connect CoC clients to jobs and training opportunities.

The CoC submitted 3 housing applications through the regular CoC FY2023 application for permanent housing.

- CSPNJ - New vouchers for Permanent Supportive Housing
- Volunteers of America-Greater NY – New vouchers for Permanent Supportive Housing
- Heart of Hannah – Additional vouchers for Rapid Rehousing

The County budgeted \$30,000 in FY2022 CDBG funds for the County Court Appointed Special Advocates (CASA) program which assists foster youth make the transition to permanent housing and independent living.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

There are no public housing units in the Urban County.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Passaic County has a Public Housing Agency which administers 843 Section 8 Housing Choice Vouchers. There are no public housing units within this Agency. The jurisdiction of the Agency includes all of the municipalities in the County with the exception of Passaic, Paterson and Clifton as these towns have their own Housing Authorities.

The Agency administers a Family Self Sufficiency program which has a minimum of 70 to 75 families participating each month. The families are recruited from the pool of tenants that are currently being assisted with rental subsidy. The Program is a five-year plan in which families work towards achieving goals that will enable them to become economically self-sufficient. The Agency partners with local entities that provide job training, interview techniques, clothes for employment, and other workshops which encompass a variety of topics from esteem building to financial planning. During the course of the five-year program, if the family's income increases and rental subsidy decreases, the difference is put into an escrow account for the family. The family receives the amount saved providing that they reach their goal during the five-year period and they have been working for the last 12 months.

From the period September 1, 2022 through August 31, 2023 the Housing Choice Voucher Family Self Sufficiency Program has had seven graduates.

The Housing Agency was also selected by the Department of Housing and Urban Development to receive 29 Emergency Housing Vouchers through the American Rescue Plan Act. Seventy thousand of these vouchers were distributed on July 1, 2021 to housing authorities based on geographical need and the authority's previous ability to lease up families in their existing programs. These vouchers are targeted to assist individuals or families that are homeless, at risk of homelessness, fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking, or were recently homeless and have a high risk of housing instability. Any applicants for this program must be referred to the Housing Agency by the County Department of Human Services. The Housing Agency has leased 25 of its 29 vouchers. In order to assist the families into transitioning into a new apartment, HUD has also supplied service fees which may be used for security deposits, realty fees, utility bills, and the purchase of household items, if needed.

Actions taken to provide assistance to troubled PHAs

The Passaic County Housing Agency is not designated as troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Passaic County does not have jurisdiction over land use controls in compliance with the Municipal Land Use Law of the State of New Jersey. Building codes are also governed by state law and implemented by each municipality. There are no County policies identified that have a negative impact on affordable housing.

Over 51% of the County has been designated as the Highlands Region by the State of New Jersey. This designation substantially reduces or eliminates development in the Highlands Region and effectively eliminates the ability to create new affordable housing opportunities. In addition, these areas have limited water and sewer infrastructure and this also reduces the ability to construct new affordable housing units.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

CDBG funds were not used for housing development nor homeless services in FY 2022. The County uses its Homeless Trust Fund to provide assistance to agencies that address homelessness in Passaic County.

CASA, funded by the Passaic County CDBG grant, serves youth who are removed from their families and become wards of the state. As advocates they act in the child's best interest and ensure that the children are receiving the services they need such as safe housing; attend school; and receive medical services. CASA assisted 10 children in FY 22 in the Urban County.

Other county offices such as the Human Services Department address homelessness and provides motel vouchers for overnight shelter, food and transportation vouchers and other immediate needs. The Passaic County Homeless Trust Fund provided a grant to NJ 2-1-1 to operate a homeless hotline and the development of coordinated entry services. Additionally, \$25,000 in CDBG CV funds was awarded to NJCDC to ensure that the individuals in residence received adequate medical supplies to guard against the COVID-19 virus such as masks; gloves; and disinfectant solutions for individuals with intellectual disabilities. 13 residents received services in 2022.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Passaic County Department of Health acts as the Health Department in five Passaic County municipalities: Wanaque, West Milford, Haledon, Prospect Park, and Woodland Park and addresses lead-based paint contamination through a \$400,000 grant from the NJ Department of Health. Passaic County Health Department Nurses test children for lead contamination, and perform Lead Case Management

and Investigations of homes for lead contamination. Nurses and inspectors follow-up with patients to ensure that they receive adequate care and that lead based paint is remediated. The Passaic County Department of Health also runs educational programming for adults and children regarding lead contamination risks. Other communities in the county have their own Departments of Health and are responsible for assessing the needs of children that present with elevated blood lead levels. Building code departments throughout the County are responsible for enforcing state laws prohibiting the use, and addressing the presence, of lead-based paint through their permitting process.

The Health Departments are keenly aware of the problems of lead-based paint. When lead paint has been identified in a unit constructed prior to January 1, 1978, only an EPA qualified contractor performs lead hazard reduction activities. New Jersey laws provide that a contractor must employ a certified lead-based paint abatement supervisor, or have employees certified in lead-based paint abatement. Certified testing companies perform a pre-rehabilitation risk assessment for lead-based paint hazards and a post-rehabilitation clearance test for lead dust hazards where the non-emergency work disturbs a painted surface.

The State of New Jersey offers Lead-based paint remediation through the Lead-Safe Remediation Pilot Program. Lower income households (both renter and owner) can qualify for assistance from the NJ Department of Community Affairs.

In its implementation of the critical repair program, Habitat for Humanity performs lead testing and risk assessments as required, and utilizes lead safe work practices during rehabilitation and implementation of interim controls.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Through implementation of many programs outside of the CDBG program, Passaic County works with families to reduce the number of families with incomes below the poverty level. The Workforce Development Board (job training, apprenticeships and youth training) and the One-Stop Career Center create new job opportunities and offer training programs. The Passaic County Workforce Development Center; the NJ Department of Labor and the Passaic County Division of Economic Development works with small and medium sized business owners to expand their businesses, hire new workers, and take advantage of training and employee development programs such as On-the-Job Training Programs; UpSkills Training Programs; and the Return and Earn Program.

Additionally, the County, in conjunction with the public and private agencies and institutions, provides low-income households with the opportunity to gain the knowledge and skills to become fully self-sufficient. The agencies participating in the Continuum of Care encourage job training and employment for those facing homelessness. Life skills counseling, drug and alcohol counseling and mentoring service provide a means to becoming employable.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The County Department of Planning and Economic Development is responsible for the administration of the CDBG program. All sub-recipient agreements are monitored on an ongoing basis. The County participates with other groups, where appropriate, as it does its planning for the homeless, to facilitate cooperative problem solving in Passaic County.

The current institutional structure provides a solid foundation for grant administration and maximizes the level of assistance that reaches the community.

The CoC is continually working to enhance its organizational strengths. The County has implemented a coordinated entry list in the Homeless Management Information System (HMIS) which is managed by NJ 2-1-1. All new applicants are entered into this system and referrals to open permanent housing slots are taken from this list. They are initiating efforts to enroll each warming center placement into HMIS for assessment for coordinated entry during Code Blue conditions.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The County continued efforts to enhance coordination between agencies by creating partnerships in the implementation of the Section 3 outreach initiative and the Passaic County Interagency Council on Homelessness. The Section 3 outreach effort partners with the Passaic County Workforce Development Board and the agencies involved in the Human Services Advisory Board to identify Section 3 individuals and businesses and to provide feedback on available job opportunities. The Passaic County Interagency Council that administers the Continuum of Care is comprised of providers of homeless services and prepares the McKinney-Vento Continuum of Care application for funding from HUD.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Passaic County completed an Analysis of Impediments to Fair Housing Choice (AI) in 2022 which was sent to HUD in September. The AI identifies barriers to fair housing and outlines action steps to address these impediments.

Barriers include:

- A. Lower employment rates and wages for certain members of the protected classes restrict housing choice
- B. Non-White households were less likely to be homeowners than White Households
- C. Moderate levels of segregation exist in Passaic County
- D. The land Use and Housing elements of the Master plan are outdated
- E. Planning documents in some municipalities are not consistent with fair housing laws.

Actions to Address Barriers:

- A. Update the Land Use and Housing Elements of the Passaic County Master Plan.
- B. Provide technical assistance to local municipalities to create opportunities to develop affordable housing.
- C. Continue to provide technical assistance to municipalities to bring them into full compliance with the Fair Housing laws.
- D. Provide credit counseling to members of the protected classes and/or contract with a third party to provide this service.
- E. Engage HUD-certified housing counselors.
- F. At the annual fair housing conference, provide education to the public about predatory lending practices.
- G. Raise awareness among new and existing local businesses of the benefits of partnering with the Workforce Development Board to assist in growing opportunities for meaningful employment, particularly for members of the protected classes.

During FY 2022, Passaic County hosted a Fair Housing Seminar, designed to provide guidance and education on fair housing compliance and information on how to expand housing opportunities in the County. Content included affordable lending products, an update for Passaic County Housing Agency landlords on Section 8 vouchers and compliance with HUD regulations, and a review by the New Jersey Division on Civil Rights of the state's fair housing law and new Fair Chance in Housing Act requirements; and a discussion on how to comply with the US Fair Housing Act. Information on Landlord Incentive Programs for Weatherization and Lead Paint Remediation were also provided.

The County continued to collect COAH certified plans from member municipalities to determine which municipalities have established plans to address its need for affordable housing.

The CDBG Program was implemented in the areas of larger non-White concentrations in the municipalities who participated in the program.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Passaic County has adopted a subrecipient monitoring plan. This plan outlines the process for reviewing subrecipient activities throughout the year and for conducting on-site monitoring.

Subrecipient activities were monitored with each request for disbursement. Each request had to provide documentation of every expense and report on the number of beneficiaries served. Monitoring will occur again in October and November 2023.

Public improvements and infrastructure activities were monitored throughout the project. Each subrecipient is expected to research available MBE/WBE and Section 3 firms (as applicable) that might bid on or be interested in subcontracting for their project. These lists are made available to the general contractors who bid the projects as well. A checklist was used to ensure that each compliance requirement was met and that the project stayed on schedule. On-site inspections and employee interviews to demonstrate compliance with labor relations and prevailing wages were completed.

The Department of Planning and Economic Development is the lead agency for the Strategic Plan and annual planning activities. Cooperation and support from local municipal governments, and private, non-profit, and for-profit organizations is sought throughout the year and during preparation of the Annual Plans.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The CAPER document was placed on public display for a period of 15 days from November 8, 2023 to November 22, 2023.

Copies of the notice of the CAPER were distributed to organizations that could make the availability known to low- and moderate-income persons and those that speak English less than very well. The list of organizations that were notified is shown below.

- County website: www.passaiccountynj.org
- Herald and News and in The Record Newspapers
- El Specialito Newspaper – Spanish language publication
- Passaic County Interagency Council on Homelessness
- Passaic County Department of Human Services
- The Participating municipalities in the Urban County were also notified and a request was made to post the public notice announcing the availability of the CAPER and to post the

public notice on their web sites. They were also asked to post the CAPER on their websites and place it in their offices.

- The County contact list of over 100 agencies and individuals that represent racial, ethnic, fraternal and spiritual organizations throughout the county.

Insert comments received on the CAPER

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There will be no changes to the program.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants? No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

Consolidated Plan Goals and Accomplishments

IDIS Reports

*Financial Summary Report (PR26) provides the key CDBG program indicators. This report shows the obligations, expenditures that the grantee has made for a specified program year. The expenditures are summarized to determine the relevant indicators for low- and moderate-income, planning/administration, public service activities and economic development. (This report contains program year information on statutory requirements regarding overall percentage for low- and moderate-income benefit.)

*Summary of Activities (PR03) - lists each CDBG activity that was open during a program year. For each activity the report shows the status, accomplishments, and program year narrative and program year expenditures. For each activity the report also shows the activity code, regulation cite and characteristics of the beneficiaries.

*Summary of Accomplishments Report (PR23) presents data on CDBG activity counts and disbursements by priority need categories. It also contains data on CDBG accomplishments by various units of measure and housing units by racial/ethnic categories.

Initial Funding Date: 12/20/2021

Description:
 Passaic County CASA (CASA) advocates for abused and neglected children in Passaic County. The goal of this project is to advocate for child victims in all necessary areas while paying special attention to medical and educational issues for foster children in Passaic County. In order to realize our goal, the Advocacy Coordinator will work to ensure that the CASA volunteers under their supervision accomplish the objectives through personalized advocacy. While it is CASA volunteers who actually advocate for these children, it is the Advocacy Supervisor who ensures that the work is done correctly, efficiently, in a timely fashion, and in accordance with the CASA volunteer policies and procedures. The Advocacy Supervisor is essential and necessary to the advocacy process; therefore the cost of this salary is the basis for this grant request. Additionally, the Advocacy Supervisor will provide the community with educational outreach around issues of child abuse prevention, mandatory reporting, and individual advocacy.
